EXPLORE

like never before

2028 Welcomes Seabourn's 40th Year

We open our 2028 itineraries with our Ruby Jubilee at Sea — celebrating Seabourn's 40th Anniversary. We are excited to unveil these new voyages, ports, and experiences — each crafted with intention and this anniversary in mind.

There has never been a more exciting time to sail with Seabourn. Our team is continuously refining every aspect of your experience, including curating itineraries filled with ports only small ships can visit, discovering delicious new ways to immerse you in those destinations, or collaborating with internationally recognized experts to deliver best-in-class enrichment and entertainment.

While this marks our 40th anniversary, it's only the beginning — there is so much more to come as we continue to unveil new ways to celebrate.

40 Years at Sea, and We're Just Getting Started

ONBOARD ENHANCEMENTS

As Seabourn continues to evolve, our passionate team keeps innovating new ways to make every moment of your voyage feel exceptional. From elevating Seabourn Square and The Colonnade to partnering with *The Atlantic* on exclusive speakers for *Seabourn Conversations®*, there is always more to explore with Seabourn.

EXPLORE SEABOURN'S RUBY COLLECTION

Some journeys stay with you forever. Ours began in 1988, when we first set sail as *The Yachts of Seabourn*. Today, that pioneering spirit shapes voyages that honor our heritage while looking boldly ahead. Explore our yacht harbor-focused Caribbean and Mediterranean sailings or embark on our 2028 World Cruise that transits the Panama Canal in a nod to our first sailing.

JOIN THE CELEBRATION AT SEA

In 2028, every Seabourn sailing will come alive with ways to celebrate our Ruby anniversary and pay homage to our past, present, and future. From specialty events, signature experiences, and themed parties to programming inspired by eras past, prepare to celebrate — Seabourn style.

A Luxury Fleet

DESIGNED TO FEEL LIKE PRIVATE YACHTS

When Seabourn first set sail in 1988, we introduced something the world had yet to experience: a luxury fleet of small ships designed to feel like private yachts. Defined by open decks, highly personalized service, and the freedom to explore ports beyond the reach of larger ships, *The Yachts of Seabourn* pioneered a new way of exploring the world.

The Seabourn Difference, by Design

- Purpose-built small ships designed for access to boutique ports and hidden harbors
- All ocean-front suites — creating a residential, yacht-like onboard environment
- Highly personalized service, elevated by an intimate guest-to-crew ratio and anticipatory hospitality
- Open decks and marina-level sea access — where the ocean is not just a view, but part of the experience
- A “club at sea” atmosphere, where guests feel known, welcomed, and at home

Ruby Collection

***New ports, itineraries, and experiences debut in 2028,

The Atlantic

This first-of-its-kind collaboration celebrates the art of thoughtful exchange, with deeper editorial programming, moderated discussions, and thematic experiences throughout this exclusive voyage.

Mediterranean

SPOTLIGHT ON SPARKLING ISLES

LIPARI, ITALY

The aqua-blue waters and breathtaking beaches of the Aeolian Islands have made them some of the most inviting in Italy. Set off on a mouthwatering excursion to learn how to make your own Sicilian pizza and then enjoy it with local wine and cookies.

CORFU, GREECE

Corfu is known as the Emerald of the Ionian, and it's easy to see why. Olive groves, lemon and orange trees, vineyards, oleander, and more form the backdrop for a medieval Old Town and Venetian fortresses that offer sweeping views in every direction.

VIS, CROATIA

Long closed to the outside world, Vis feels quietly authentic. Vineyards, pine groves, and small harbors define the landscape, while Komiža's fishing village offers a glimpse of island life. Nearby Biševo's Blue Cave adds a striking natural highlight to this relaxed Adriatic escape.

SPOTLIGHT ON THE ST. LAWRENCE

SAGUENAY

Detour along the Saguenay River and wind through dramatic fjord scenery sculpted by glaciers over 10,000 years ago. Hike through boreal forest along the pristine Mars River or indulge in pastries made from locally grown blueberries.

HAVRE-SAINT-PIERRE

This is your gateway to the picturesque Mingan Archipelago National Park Reserve. Wind and waves have left an indelible mark on the coastline, resulting in limestone pillars and curved outcroppings that dot the shore.

QUÉBEC CITY

Experience the magic of wandering Québec City's cobblestone streets at twilight during an overnight in port. Use your extra day to visit 270-foot-high Montmorency Falls and try maple delicacies at a sugar shack.
